Amy Sheehy
Microbac Laboratories, Inc
250 W. 84th Drive
Merrillville, IN 46410

Dear Amy Sheehy:

According to our records, the Indiana chemistry drinking water compliance monitoring laboratory certification for Microbac Laboratories, Inc is currently set to expire March 30, 2026. To allow time to review the lab's submitted follow-up items and for the renewal of certification to be processed, we are extending your laboratory's chemistry drinking water compliance monitoring certification to **May 1, 2026**. IDEM has been made aware of this extension.

The laboratory evaluation is for purposes of determining your laboratory's capabilities for analyzing samples for content pursuant to the National Primary Drinking Water Regulations (NPDWR) as implemented by 40 CFR Part 141 and the Indiana Primary Drinking Water Regulations (IPDWR) as implemented by 327 IAC 8-1 and 8-2.

With continuing successful performance on annual performance evaluation samples (WS PT) for all certified methods and payment of yearly registration fee, your certification will remain valid to the abovementioned date. If you have questions or need further information, please contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Katie Sullivan'.

Katie Sullivan

Drinking Water Laboratory Certification Program Director

CERTIFICATE OF APPROVAL

for Public Health Laboratory Service
in the Chemical Examination of Public Waters

This is to certify that

Microbac Laboratories, Inc. - Chicagoland Division

having duly met the requirements of the Indiana Department of Health Water Chemistry Certification Program under the Safe Drinking Water Act in accordance with the National Primary Drinking Water Regulations (40 CFR Part 141) and the Indiana Primary Drinking Water Regulations (327 IAC 8-1 & 8-2), is hereby approved for the following analytes(s) by the method(s) stipulated on their Scope of Certification:

antimony, arsenic, barium, beryllium, cadmium, chromium, cyanide, fluoride, mercury, nickel, selenium, thallium, copper, lead, nitrate, and nitrite, TTHMs

Laboratory No. C-45-03
Date Issued: December 30, 2022
Expires: December 31, 2025

Lixia Liu, PhD MP(ASCP) D(ABMM)
Director, IDOH Laboratories

SUBJECT TO REVOCATION

Certification will automatically be suspended, for a parameter, if an acceptable PT has not been achieved in the last 365 days.
Certification valid only with proof of acceptable PT performance.
